

# TUdi

**See what we've been up to in the last year!**

---

**TUdi had its annual consortium meeting in Bulgaria**

TUdi's meeting served as a platform for collaboration and innovation, committed to **improving soil health and agricultural sustainability**. The event not only facilitated knowledge sharing but also strengthened partnerships that are essential for achieving long-term project goals.

## **TUdi's coordinator José Gomez gives interview for the European Science-Media Hub**

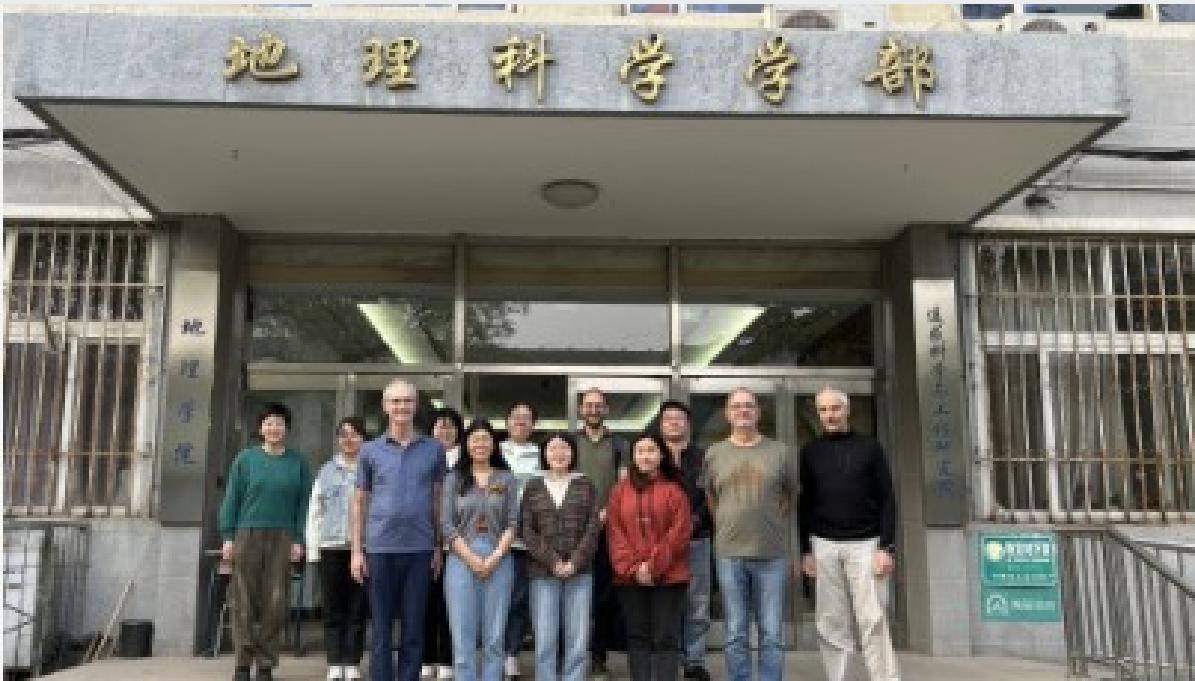

Our project coordinator **José Gomez** recently held an interview with **the European Science-Media Hub** where he discussed the state of soil health in Europe, the newly adopted Directive on soil monitoring and resilience, as well as TUdi's mission, goals and ambition.

---

### TUdi's experience at the EGU General Assembly 2024

The TUdi project notably **sponsored** the session on "**Processes and strategies of soil restoration, conservation, and fertilization**" within the Soil System Science division.

### TUdi partners gather together for "Soil week" workshop in Yangling

Researchers from **BOKU, BAW, CTU, and Wuhan University** presented their current research on soil and water conservation to around 200 researchers and students on-site and online.

## [Find out more about our Early Career Researchers webinars between Europe and China](#)

### [TUi's hosts its second Early Career Researchers workshop between Europe and China](#)

An online workshop was organised for **TUi's** partners from Europe and China to promote the **scientific dissemination** of findings and provide training in **soil restoration**, with a specific focus on addressing **soil degradation and remediation**.

### [TUi's soil health workshop between Europe and China for Early Career Researches](#)

The workshops for **Early Career Researchers** was the **first of a series** of online workshops on **soil health** featuring **European** and **Chinese** project partners. The event, organised by TUi, **supported the knowledge** that is exchanged and cooperated between Europe and China.

### **TUi presents decision support tools at agricultural conference in Bulgaria**

The **International Agrarian Fair (AGRA)** - an annual fair aiming to cover all relevant topics in **agriculture** - science, practice, technologies, products, innovations, and services. TUi presented the **decision support tool** for the management and analysis of socio-economic data related to the **restoration of soil health**, which is being developed by **NBU**.

### TUdi collaborates with SOLO in Soil Week conference

The conference provided an opportunity for local stakeholders to get introduced to both **SOLO** and **TUdi** and work towards establishing a regional network in **Bulgaria**. TUdi was represented by Dr Ekatherina Tzvetanova-Georgieva (**New Bulgarian University**) who presented the **main goals** of the project as well as the **objectives of the work packages**.

### TUdi's partners hold a stakeholder meeting in Austria

The discussion topics were **erosion** and **compaction**, both well received by the stakeholders. Furthermore, the **farmers** and representatives of the **Chamber of Agriculture** were happy to have the opportunity to discuss their experiences and wishes regarding the **funding** of protection measures with representatives of the funding system within the ministry.

### **9th ISGE World Conference in Chengdu**

TUdi attended **The 9th International Symposium on Gully Erosion (ISGE)** that took place in November 2023 in **Chengdu, China**. The symposium served as a platform for **interactive exchange** of ideas and potential academic collaborations with more than **280 national and international researchers** and scholars from all over the world.

---

### **TUdi has numerous new videos available!**

Have you watched TUdi's latest videos? You can find them in our **YouTube channel** or on our **project website**.

You can also watch **three new educational videos**, produced by TUDI's partners **BOKU**, which are **now available** in all project languages - **Bulgarian, Chinese, Czech, German, Spanish, Hungarian, Italian and English**.

Find the videos in the designated playlist on our [YouTube channel](#)
